Product Description

Experience the Thrill of All-aluminum Alloy Roller Coaster Game Machine in 9D Vr 360

YHY New Launched All-aluminum Alloy Roller Coaster Game Machine Simulator Virtual Reality Cinema Chair 9D Vr 360

Products Description

YHY Ultimate Crossing

YHY Ultimate **Crossing** is designed in a series with **VR Ultimate Flight**, **VR Ultimate Racing**, **VR Ultimate Gun Battle**. They are designed with Elegant looking and the materials in **the world's first all-aluminum alloy**, 32 inch screen live showing the games video and best for ads when not playing, and high standard software configuration, to bring players a great Virtual Reality experience.

NEW 3DOF MOVEMENT PLATFORM

1. 360° movement rotational platform,
2. Roll movement with 40° range,
3. Pitch movement with 56° range.

TYPE 1
360°
movement
rotational
platform

TYPE 2
Roll movement
with 40° range

TYPE 3
Pitch movement
with 56° range

Six Advantages Worth Choosing

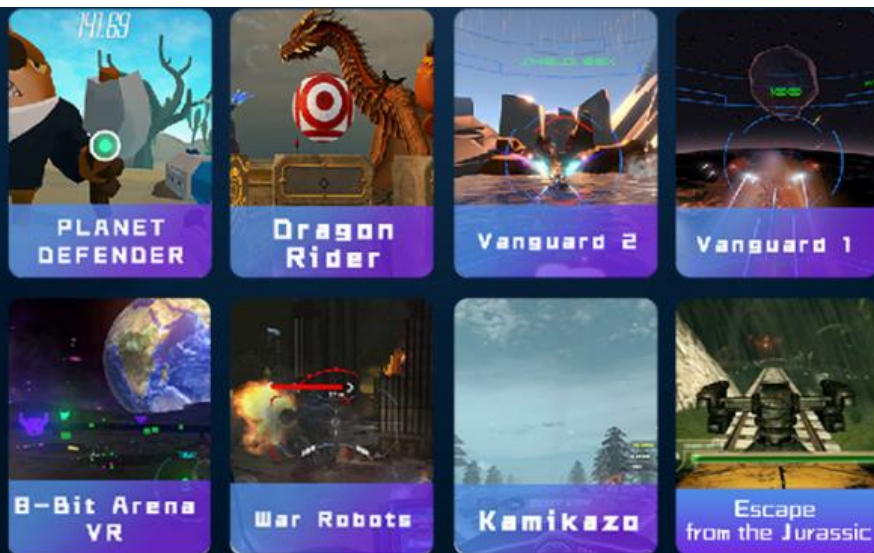

1. The **world's first all-aluminum alloy** used to produce a dynamic platform with a cool appearance, tiny and exquisite equipment, a small footprint, and the ability to be **used at home**. 2. The world's **first three-axis dynamic platform** independently developed by Yihuanyuan, which mimics flying in all directions, **360 rotation, front and back movement, left and right movement**, replacing the traditional three-axis flight dynamic platform with a better dynamic experience. 3. Match **pico new 3 VR** integrated machine, use the latest streaming program, experience better VR game content, have higher clarity and smoothness, make the effect more real. 4. **A 32-inch display** can attract passenger flow and achieve better customers. 5. The integrated system enables the seamless integration of racing games with dynamic chairs, resulting in better dynamic posture feedback and a more enjoyable experience. 6. Adapted to **multiple dynamic game resources** and can be updated regularly for free.
