DETAILS

Introduction

Six Advantages Worth Choosing

1. The **world's first all-aluminum alloy** used to produce a dynamic platform with a cool appearance, tiny and exquisite equipment, a small footprint, and the ability to be **used at home**. 2. The world's **first three-axis dynamic platform** independently developed by Yihuanyuan, which mimics flying in all directions, **360 rotation, front and back movement, left and right movement**, replacing the traditional three-axis flight dynamic platform with a better dynamic experience. 3. Match **pico new 3 VR** integrated machine, use the latest streaming program, experience better VR game content, have higher clarity and smoothness, make the effect more real. 4. **A 32-inch display** can attract passenger flow and achieve better customers. 5. The integrated system enables the seamless integration of racing games with dynamic chairs, resulting in better dynamic posture feedback and a more enjoyable experience. 6. Adapted to **multiple dynamic game resources** and can be updated regularly for free.
