Product Description

9D VR 360 Degree Gaming Machine Simulator

Production Introduction:

- u Games will be updated regularly for free.
- u The world's first three-axis dynamic platform independently developed by Yihuanyuan, replacing the traditional three-axis dynamic platform with a better dynamic experience.
- u The world's first all-aluminum alloy used to produce a dynamic platform with Space vehicle appearance, tiny and exquisite equipment, a small footprint, and the ability to be used at home.
- u Match pico neo 3 VR glasses, use the latest streaming program, experience better VR game content, have higher clarity and smoothness, make the effect more real.
- u No computer required, less failure, less after-sales problems.
- u No control table required, just use the Microsoft Surface Go tablet to operate simply.

Advantage:

Space vehicle design concept
no need control table to operate
less cost and space
lighter, easier to operate, less failure
more precise and delicate movement
more powerful movement
faster rotation, quieter, better benefits, faster return on investment.

Guangzhou Yihuanyuan Electronic Technology Co., Ltd

Why Choose Us?

1. The actions of the Simulator mostly matched the movie motions, you would get it once you try and play it;
2. Each line inside the base is marked with numbers for the best after-service;
3. Best quality on the hardware, to make sure player's safe, for example, the thickness of the base iron, we would do it with

- 2mm, while some may do only 1mm thickness;
4. Rich game/movie sources, also with some we buy it specially for players;
5. After-service by professional technician, who is involved in R&D, and 24hours online.
-

FAQ:

1.Are you the manufacturer or trader?

We not only the manufacturer also trader.

2. Do you accept OEM/ODM?

Of course, yes. We have a professional R&D team, which supports to customize the VR for our clients.If you have any idea, pls share to our team, we will do the best for you.
